Summary

I am a Dot Net developer and a React developer. I have experience working as a freelancer in different projects. I develop good quality and responsive web pages. As a developer, I make modular, clean, object-oriented, and well-commented code, always aiming for quality and intelligence in the solutions. My solutions are complete, front-end.

I have experience with:

- ✓ C-Sharp
- ✓ Dot Net
- ✓ React JS
- ✓ Next JS
- ✓ Jet Brains IDE
- ✓ JavaScript | jQuery | React JS
- ✓ HTML/CSS
